

People at CTG

Julia Singleton
Program Assistant

Specialty

- Project Management
- Meeting & Workshop Facilitation
- Training

Brief Bio

As Program Assistant at CTG, Julia provides critical support to several CTG teams conducting sponsored research and problem solving projects. This includes assisting with project development and administration, assisting in the design and execution of project facilitation activities, supporting work plans, conducting research, and more.

Julia has an extensive background in finance, technology, technical writing and training, as well as teaching. Her experience includes working for a Wall Street firm, a start-up dot.com, a large insurance company and most recently as a public school teacher.
