

People at CTG

Luis Felipe Luna-Reyes
Faculty Fellow

Specialty

- Modeling and simulation of socio-technical systems
- Use of Information in public organizations
- Interorganizational collaboration and knowledge transfer in public organizations
- Group Decision Support Systems

Brief Bio

Luis is an Associate Professor of Informatics at the University at Albany and Faculty Fellow at CTG.

Luis' current research focuses on electronic government and on modeling collaboration processes in the development of information technologies across functional and organizational boundaries. This includes inter-organizational collaboration, information sharing, success of government-wide websites, and information policy to promote economic exchange in the NAFTA region.

Luis, who began his work at CTG in 2012 when he was awarded a Fulbright Scholarship, has taught more than a dozen courses at the undergraduate and masters level, as well as in executive education. These courses include Information Management, Modeling and Simulation, Knowledge Management and Learning Organizations, Systems Thinking, Decision Making, Information Decision Systems, Information Technology, Quantitative Analysis (including Statistics), Information Technology, and E-Business. He is also a member of the Mexican National Research System, which recognizes researchers in Mexico on the basis of their productivity and contribution to the creation of knowledge.
