CTG Welcomes Visiting Scholar Dr. Nur Sat

Dr. Sat is Assistant Professor in the Department of Political Science and Public Administration at Hitit University in Turkey.

Nur's current research is focused on two areas: smart cities and usability designs for public intuition websites. During her visiting scholarship at CTG, she will conduct research to complete her studies about sustainability concepts and smart cities and work with CTG staff to support the Center's Smart Cities Program and other research activities.
